Obvious...Time To End The Harm

George Hall Elementary School in Mobile County
recognized on Nov '09, by Education Trust & U.S.
Sec. of Education Arne Duncan as one of four
schools in nation with a "Dispelling the Myth"
recognition .

This award recognizes schools that serve high-
need students, yet, despite the odds, perform at
the highest academic achievement levels.

Pre-Common Core
Ranked 6th in the State

After Common Core
Ranked 462nd in the State

Before Common Core State Standards Initiative was implemented, George Hall Elementary was one of the best schools in the Nation. Today it is worse than 462nd in the State.

We ask churches to join in and lead us in prayer (drop-ins welcome) as we ask God to deliver these precious children.

It would be better for them to be thrown into the sea with a millstone tied around their neck than to cause one of these little ones to stumble. Luke 17:2

There will be prayers led by many

such as Evangelist Scott Dawson, Pastor John McCrummen, Alcap Exec Dir. Joe Godfrey and speakers in between such as Col. John Eidsmoe (expert on US Constitution), Betty Peters (former member of AL State Board of Ed.), Joan Landes, MA CMHC (expert on mental health), Mike Parsons (former teacher and Pres. of SAVE. YES, THERE IS A CAUSE! HELP END THE STUMBLING BLOCKS THAT HAVE HARMED PRECIOUS CHILDREN

Many still do not understand what is happening but they know more children are in pain. We see results in increase in depression, bullying, drug abuse, self-harm etc. Come join us in prayer and in truth so that more will gain understanding to make a difference for such a time as this. Precious children can't fight alone.
